

The Monarch Butterfly

John Potente
will give a program that explores
the life of Long Island's
Monarch butterflies.

The talk will include studies on
biology, chemistry, toxicology and epidemiology.
John will present photographs, videos,
stories and antics to illustrate their ecology
and how protecting them
will help protect ourselves.

Tuesday, June 5 at 6:00-8:00 PM

Riverhead Library - (516) 938 0077
